Quick Install Commercial Series

Perfect for commercial applications as well as high end home theater for distributing Video, Audio, Data & Telephone feeds to every room in your facility or home. Channel Plus features the industry's best warranty - 5 years on active products / 15 years on passive products (enclosures, filters, splitters, etc.).

CHANNEL PLUS
"Innovations in video, voice and data"™

Combo Rack & Wall Mount

• Allows for structured wire systems to be used in 19" EIA racks • 10 spaces high and 5"D • Can also be surface mounted to a wall or plywood sheet • Mounting tabs allow for on stud center mounting and raise the panel a 1/2" for wire pass thru • Use the CP-2621 brushed aluminum cover for a clean finished look • Units clip on mount in seconds

CP-2619 Base Mount.....**$121.99**
CP-MB55 Rack Top for Rackmount Grid System **$18.99**
CP-MB56 Rack Bottom for Rackmount Grid System....**$18.20**

18dB Gain RF Amp

• Amplifier with 18 dB of gain, is ideal for cable systems or as an antenna pre-amplifier • Includes CP-MB50 ears for mounting in the CP-2619

CP-DA500A • *Discount* $68.99

DA506BID RF Amp

• One input for CATV or off-air antenna and six outputs • Four outputs are for televisions up to 75 feet away and 2 outputs can be used up to 150 feet away • Has bi-directional capabilities, using a 5-42 MHz return path on the ant/CATV input for compatibility with interactive CATV set top boxes • Includes CP-MB50 ears for mounting in the CP-2619

CP-DA506BID • *Discount* $102.99

DA550 Series Amps

Designed with the highest headroom available in a distribution amplifier • Handles an extremely wide range of input signals from today's NTSC and tomorrow's digital TV (HDTV) • The DA-550 is the heart of a multi-room distribution system with **outputs to eight televisions**, coax runs up to 150 feet, and three inputs (one from a CATV or antenna and two from modulators)

CP-DA550BID is for bidirectional interactive cable systems
CP-DA550HHR is used with off-air antennas or satellite systems

CP-DA550BID • *Discount* $243.99
CP-DA550HHR • *Discount* $243.99

CP-DA500A

CP-DA506BID

12-Volt IR

CP-DA550BID

20dB RF Amplifier

• Bidirectional amplifier with a 5-40 MHz return path • Provides 20 dB of gain to be used with CP-3025XA or in a CATV or antenna system • Includes power supply

CP-DA520A • $80.99

Tilt Compensator

Compensates For Signal Changes & High-frequency Signal Loss In 200-ft Cable Runs; Creates Attenuation Loss Equal & Opposite To Cable Loss; Helps Maintain Picture Quality On Higher Channels; Features One Female F Connector Input & One Female F Connector Output

CP-TC200A • *Discount* $17.99

CP-2509 9dB Tap

• Provides a bandwidth of 1GHz and minimal insertion loss while allowing a signal to be tapped from the original source • Works asymmetrically by splitting the signal unevenly with just a 1dB loss while the tap output has a 9dB loss

CP-2509 • *Discount* $2.99

Splitters / Combiners

1GHz bandwidth ideal for antenna and coaxial cable operations • Use for splitting a source signal **or** combining signals from multiple sources into one coax run

DC & IR Passing

CP-2512 2-Way **$7.99**
CP-2514 4-Way **$11.99**

Non-IR Passing

CP-2532 2-Way **$3.99**
CP-2534 4-Way **$5.99**
CP-2538 8-Way **$14.99**

Whole-House CATV DAs•

CP-3015 (Front & Side Views)

CP-3015 (2x4) is a **dual input system** that accepts a CATV or antenna input and audio/video signals from one video source and modulates it to a user selected channel that can be seen at four TV locations • **5-Volt IR**

• **CP-3025 is a** (3x5) **triple input system** that accepts a CATV or antenna input, audio/video signals from two sources and modulates them to user selected channels that can be seen at up to five TV locations. It allows viewer control of two video products (VCR, satellite receiver, DVD, etc.) from any distant TV location in the house with the addition of an **optional CP-2133 IR Emitter** ($40.80).

CP-3015 Dual input x 4 RF out .....***Discount*** **$78.99**
CP-3025 Triple input x 5 RF out.....***Discount*** **$118.99**

4 Format 3x1 Output Switcher for HDMI (w/Repeater) Component Video Composite Video/Audio & VGA

A low cost 3x1 multiformat switcher for every home theater. This switcher features 3 Inputs each for HDMI (with Repeater), Component Video, VGA and Composite with Stereo Audio. All of these route to a single output of the same format. It may be switched on its front panel or via included IR remote control. It has the highest quality circuitry for no signal loss at any point.

HDMI-SW1 .....***Discount*** **$137.75**

6x6 Music Distributor

Multi-Room / Multisource Music DA System!

• Stereo audio zone amplifier, 6 inputs x 6 speaker out, with test cable and 4 emitters • An all-in-one music distribution system with six available music sources • 40 watts per channel to each of six zones • Additional amplification can be added to any zone and the system can expand to 18 zones with total control • Adds whole house paging with phone systems, two doorbell simulators, adjustable IR modulation and page/doorbell level adjustments • Each zone can pass, mute, mix or not respond to page and bell tones • Dedicated IR control for four of the six sources, allowing for identical brands and models to have independent IR control from any zone • Cascadable • 2 Year warranty on this product

CP-MDS6A • *Discount* $1384.99

Music Control Pads

Keypads give you flexible and total control over the CP-MDS6A and connected music sources • CP-MCS1A is a single gang Decora® style controller with volume, mute and source selection buttons • Can even teach Learning Handheld Remotes its codes for volume, mute and source selection • CP-MCS2A (shown) is a double gang control with all the functionality of the CP-MCS1A, **plus** a full learning keypad and transport button set • CP-MCS2A will learn IR codes for each of the six sources, from play to track selection • CP-MCS2A also learns up to 16 macros with 20 steps each • Each code is permanently stored and can be cloned to additional units • Both controllers come with extra button labels for customization in two colors, white and ivory (trim-plates not included)

CP-MCS1A 1-Gang.....***Discount*** **$79.99**
CP-MCS2A 2-Gang.....***Discount*** **$138.99**

RF Modulation

CP-5545

• Modulate **Video & Stereo Audio Sources (RCA) to RF** Signals over CATV 65-125 (excluding 95-99) & UHF 14-64 • Each unit has loop-out capabilities and integrated IR control • Rear IR emitter output jacks and the ability to remotely power a CP-DA550 series or an CP-8200 series distribution panel from up to 75 Feet away • Use with **both 12-volt and 5-volt IR** systems and accessories • Each unit has 75Ω termination jumpers on all channels to loop-through the video and audio signals • Use the CP-2743 cable set or a "Y" adapter to feed a local monitor, VCR or PVR

Models WITH IR Control

CP-5515 Single Input with IR Modulator.....***Discount*** **$109.99**
CP-5525 Dual Input with IR Modulator.....***Discount*** **$179.99**
CP-5545 Quad Input with IR Modulator.....***Discount*** **$286.99**
CP-2620 Rackmount for 1 5500 Series unit above.....**$43.99**

Models without IR Control

CP-5415 Single Input Modulator.....***Discount*** **$77.99**
CP-5425 Dual Input Modulator.....***Discount*** **$132.99**
CP-5435 Triple Input Modulator.....***Discount*** **$173.99**
CP-5445 Quad Input Modulator.....***Discount*** **$215.99**

CATV Pass Filters

Perfect For Blocking Out Private Channels -Selectively!

Removes all CATV channels above the pass band, allowing insertion of locally-generated modulated channels.

CP-LPF470 Low pass, passes channels 2-64 (470 MHZ).....**$30.99**
CP-LPF600 Low pass, passes channels 2-86 (600 MHZ).....**$45.99**
CP-LPF750 Low pass, passes channels 2-116 (750 MHZ).....**$45.99**
CP-NF469 Notch filter, deletes channels 64-70 (469Mhz-497Mhz) and passes ALL other channels.....**$37.99**
